JLM Diesel Injector Cleaner 250ml
250ml

Basic injector cleaner for light maintenance

JLM Diesel Injector Cleaner is a reliable entry-level diesel additive, ideal for light-duty maintenance or as a first-line treatment for mild performance complaints. Designed to clean injectors, intake valves, and combustion chambers, it helps resolve early signs of contamination—such as rough idling, black smoke, or slight loss of power.

While not as comprehensive as performance-level products, this additive is highly effective for everyday driving conditions and keeps the fuel system in good working order when used regularly.

Benefits

- Cleans injectors, valves, and combustion chambers
- Restores lost engine power
- Prevents gum and sludge build-up
- Maintains fuel system cleanliness
- Ideal for light, regular maintenance

Recommended for:
Light contamination

Usage
For all diesel engines (incl. common rail) with or without turbochargers running on low or normal sulphur level diesel fuel.

How to use

1. Shake the bottle well before use.
2. Pour the contents of the bottle into the tank before refueling
3. Dosage: One bottle is enough for 40 - 60 liters Diesel.
4. Start your engine and experience the benefits
5. For best results, use one bottle every 5000 kilometers.

PRODUCT INFORMATION

Art. Nr;	J02320	**Barcode ;**	8718274351095
Hs Code ;	38119000	**Ufi Code ;**	9PFE-X0DF-500N-TKFG
Pack Size ;	250ml	**Quantity in box ;**	12
Flash Point °C ;	>62	**Boiling Point °C ;**	100
Colour ;	Colourless	**Density at 20 g/cm³ C°;**	0.81
